REPORT OF TRUSTEES OF DUDLEY TUCKER LIBRARY

This supplements the reports of the Librarian and the Treasurer.

The main change from 1970 Library operation lies in the opening of the Library on Mondays and the increase in total Library-open hours from five to ten per week. We present the background for this change.

For many years the Library has been open on Wednesdays and Saturdays for a total of five hours per week. Your Trustees have believed that this is all that could be justified by the amount of patronage.

Our friends in the Southeast Library Council (an organization of Library Trustees) advocate much more open time for a town of Raymond's population. Several of them have recently quoted their actual experience that an increase in Library hours automatically increased Library usage.

Based on the above information we increased the Library hours for the last quarter of this year. We took care of the added cost by using accumulated interest money from the Library Trust Funds. For 1972 we have asked the Selectmen to increase the budget allotment for the Library to $1,000.00.

We acknowledge with thanks a gift of money from Mrs. Sue Ege and gifts of books from Mr. and Mrs. Alfred Hickey and Miss Vivian Culver.

Norris Gove acknowledges with thanks the opportunity given him for service on the Library Board for the last several years. Believing that new blood and new ideas will be helpful, he will not run for the position in 1972 but hopes to continue as a helper.

Respectfully submitted,
Trustees of Dudley-Tucker Library

ALICE WASON Librarian

REPORT OF YOUR STATE LEGISLATOR

This is the first of what I hope will be an annual report to the people as requested at the 1971 Town Meeting. All too often in the past, a person was elected to the position of State Representative and you never heard from him again until the next election.

This has not been the case as far as I have been concerned, and in but one instance I was able to help everyone who called upon me.

The regular 1971 session was a hectic one. The over riding issue, to say the least was the state of the Treasury, and after hearing all of the facts, the Legislature voted to over-ride the Governor, and not pass either a sales or income tax.

Time has proven out the position of the Legislators, and instead of a ten million deficit that faced us in January 1971, we now have a fifty million surplus.

In my opinion, the only purpose for the up coming special session on February 8, 1972 should be the distribution of this money, with State employees and School Foundation Aid having top priorities.

There were of course, many other important issues. Among them Dog Racing and I voted for this. The 18 year old vote, and I voted for this. Sales and Income taxes, I voted against these. Five additional Liquor Stores, (one of them for Raymond) I voted for this, but the Governor saw fit to delete these from the Budget, and this cost us plenty in lost revenue.

The question of Legalized Abortions was hard fought and lost by a few votes. I voted for this because I feel this problem is best decided by the family and their Doctor, and not a bunch of Politicians in the State House.

Of the sum total of two thousand pieces of Legislation, we considered, most of them were important enough to mention here in this report, but if I did so this report alone would be larger than this entire book it appears in.

It has been my sincere pleasure to represent you in the Legislature these past two sessions, and I look forward to serving you further in the future.

Please do not hesitate to call upon me if you feel I may be able to help you, and I hape more people will let me know how they feel on the more important issues.

Very truly yours,
J. Hnery Greenwood, Rep.
Dist. 12 Raymond and Chester

REPORT OF THE HIGHWAY AGENT

This highway report is being prepared from date January 1, 1971 to September 30, 1971.

Prevere Road

March 1971 town meeting called for widening and gravel of 1600 feet Prevere Road. This job required three laborers, 133½ hours power saw work on trees, chipping, and burning brush, bulldozing right of way, removal of stumps and installing one large culvert. This project did expose some ledge that should be removed in the future.

Tarring of new roads as being accepted by town 1971 meeting and money appropriated for were Highland Road, Elsun Avenue, Bambi Lane, Essex Road, Pond Road. Pine Road and Twins Road. Approximately 6,550 feet was road-mixed and rolled.

Town Road Aid

A 3500 foot stretch of the Treen Road was road mixed and rolled leaving a balance of $2,647.21 of Town Road Aid Funds.

Tarring

Approzimately one mile of the Langford Road was surfaced mixed. Other roads swept, patched and sealcaated were Onway Lake Road, Lane Road, Critchett Road and Green Road. Plus mixing 145 yards of road patching and approximately 450 yards of sand stocked.

I wish to take this opportunity to thank the citizens of Raymond for their co-operation they have given me this past year. I appreciate that I have been able to serve as your Highway Agent for the past ten years. I wish to thank Clyde Maynard, Nelson Sherman, Lyman Hammond, Sr. for their many hours of labor with the department with extended thanks to the town treasurer for her continued services.

Respectfully,
Lyman R. Hammond, Jr.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

LEST WE FORGET — IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalant on the west coast with their drv seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellar-holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947, nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand, a lighted match or a glowing cigarette.

2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.

3. If you camp or picnic, be sure open fires are allowed and if they are, put them dead out when leaving.

4. **Most important** - instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year - 1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned - 1971 season:

STATE	463 fires	160 acres
DISTRICT	101	61
TOWN	6	4

Ralph Stevens - District Chief

Raymond H. Smith -
Forest Fire Warden, Raymond

REPORT OF FOREST FIRE WARDEN

This is the beginning of another year and at this time for the year of 1971, I want to thank all of the residents of the town for all their help in preventing forest fires.

Also, I would like to thank all our Town Officials and all the Fire Department Members and my Deputy Fire Wardens.

I have one request to ask all the parents of the children. Inform them not to play with matches or start any kind of fire.

Be sure when the ground is not all white with snow to get your Permit for all incinerators or open fires.

Your Forest Fire Warden
Raymond H. Smith

RAYMOND FIRE DEPARTMENT

The following is a brief report of the Fire Department for the year of 1971.

We had a total of 70 alarms as follows:

37 Box or outside alarms and 33 Still or Phone Calls.

17 Buildings
3 Trailers
13 Brush and Grass fires
3 Town Dump fires
7 Car fires
11 False Alarms
1 No School
3 Bomb scares
1 Lost Person
2 Rescue
1 Pump water from oil tank at school
1 Pump water from flooded driveway
1 Wash gasoline from filling station
1 Wash gasoline after auto accident
3 Cover high tension wires down on roadway
2 Mutual Aid calls

These fires involved property valued at approximately $205,500.00 with an estimated loss of $42,200.00. Three of these fires were serious and of suspicious origin.

We received Mutual Aid once and our Dept. responded twice - once to Epping and once to Nottingham.

We have installed an Alarm Box, on the front of the Fire Station, for ublic use in cases of fire or emergencies.

Our Monitor System has been completed and every Fireman has a Monitor. On a fire call every man knows what and where the fire is before he leaves his home. This is working out very well and the response of the men has much improved. Also, much time is saved as some of the men report directly to the fire scene and are ready with a planned operation when the trucks arrives.

This year the Department members voted to include in our budget $1,500.00 to start an Equipment Fund. We would like to follow through with each succeeding year, so that when it be-

comes necess-ary to purchase a new truck or other expensive equipment, we would have some of the needed cash available. Our equipment, at the present time, is in very good condition and we hope to have our Forestry truck by the time the Spring forest fire season arrives.

Since I went into office as Chief in 1969, the town has increased nearly $3,000,000.00 in property valuation, and it appears that this coming year, in all probability, will see an increase at least, of another $1,000,000.00. At this rate of increase in property value, and the population in proportion, the day is approaching when permanent daytime firemen will be a necessity. Daytime help is scarce simply because they are not immediately available and the quicker a fire truck is on the fire scene, the better chance we have of saving life and property.

Once again, I would like to thank the Selectmen; the Police Department; the Red phone operators and all other citizens for the cooperation given us during the year.

A special thanks to all members of the Ambulance Association for their continued assistance during fire calls and their willingness to help us keep our Fire Station ship-shape. We have had many compliments from outsiders on the Fire Station and the equipment housed there.

Last, and most importantly, I wish once again to thank all the members of the Fire Department for their whole hearted cooperation in maintaining, what I believe to be, a well organized Department.

Respectfully submitted,
Burgess A. Chase, Chief

POLICE DEPARTMENT
Town of Raymond, New Hampshire

Eleventh annual report of the Police activities during the year 1971 for the citizens of Raymond.

Having made reports for the past decade and now the first one of the second decade, I look back at the Town and the Department and I realize just how much both have progressed. Every phase of your Police Departments work has increased by at least five times.

The year 1971 by most standards, a good year. We had one armed hold-up at the end of the year which was a most unfortunate event. Methods and procedures are being formulated to help prevent any further occurance of this type robbery.

On April 5, 1971 the Town started its first full time police officer, this was a big step forward for both the Town and the Department. On September 8, 1971, school started again with double sessions, this also was a big step and created problems that were not forseen. I have found it necessary to put another officer on duty in mid-afternoon and keep him on duty until the night patrol starts. With the problems created by the population growth, the double session school system, and the development that is slated for the Town and surrounding area in the very near future, I feel that the Police Department will have to grow accordingly.

In 1971 we requested the Town supply the Department with a radar unit to help curb the speeding in critical areas. This unit was received in September 1971 and has been funded on a 50/50 basis by the New Hampshire Highway Safety Agency. I understand the funds will be returned to the Town mid February of 1972. The Highway Safety Agency will play a big part in the growth of our Department over the next few years. The Town of Raymond Highway Safety Committee has held another meeting and has adopted another project for this year.

Accidents, which are a great time consumer, took about a 20% drop over last year. This is always a wecome statistic but there is little or no actual control over this problem. There were no fatal accidents and a minimum of very serious accidents. The improvement in this area undoubtedly was due to

increased coverage and the use of radar equipment supplied by the Town. This year plans are being made to have a very definite program in the use of bicycles by the children, and a program to protect both child and motorist. I feel this is an absolute must and is at the top of the priority list.

The year 1971 was one of the better years as far as burglary is concerned. Even though we had a better year, it has been noticed in the surrounding areas that a large increase in the number of daytime burglaries seemed to be in progress. This can only be contained by increased patrol. I feel confident that we can keep this at a minimum.

As our community continues to grow the other services, family problems, stolen vehicles, suspicious persons and assisting other departments, school functions, community'relation, will also become more and more demanding and time consuming. Each and every one of these functions are equally important as any of our other duties.

In closing this report I feel compelled to tell the citizens of Raymond that the Police Department, like the Town and school system, has very serious growing pains and support for this growth can come only from each and every citizen. Your continued support and contribution can only make your Police Department one of the best.

I wish to thank Dep. Chief Robert Elliott and each of the Special Officers, Oscar St. John, who in my opinion has doen an exceptional job as dog officer, the Selectmen, the Raymond Fire Department, the Raymond Ambulance Association and every citizen of Raymond for their support and contribution to the Police Department.

Respectfully submitted,
John A. Harney
Chief of Police

DOG OFFICER'S REPORT

This is my second annual report to the Citizens of Raymond. The Town is growing constantly, more families and more dogs. I would like to remind all that we do have a leash law and this will be enforced, due to other peoples property, children and wildlife.

All dogs must be licensed each year, beginning May 1st of the current year. It would be helpful if all dog owners would pay this at the Town Clerk's office at their convenience and thus save paying a penalty after July 1st, 1972.

Before closing, I would like to take this opportunity to thank Police Chief and Mrs. John Harney, and Deputy Chief Robert Elliot, the Selectmen, and last but not least, Leo Morin who has assisted me during Vacation and illness, and to the Citizens of Raymond for their co-operation.

Board of Selectmen
Raymond
New Hampshire

Gentlemen:

Submitted herewith is the Audit Report for the fiscal year ended December 31, 1971, as requested by the voters of your town.

SCOPE OF AUDIT

All departments of the town government were audited: The Board of Selectmen, Tax Collector, Treasurer, Town Clerk, Trustees of Trust Funds, Library and Water Department.

FINANCIAL STATEMENTS

Exhibit A-1 is a comparative Balance Sheet showing assets and liabilities for a two-year period.

Net Debt decreased $16,926.18. The analysis of this change is shown on Exhibit A-2.

A-3 shows the appropriations as raised by the town voters, expenditures, balances - unexpended or overdrawn.

A-4 shows estimated and actual revenues and budget summary. The final figures show a net budget surplus of $2,262.81.

Exhibits B-1 through H are summaries of all town officials, showing receipts, expenditures and proof of balances.

GENERAL COMMENTS

A gallant effort was carried out trying to collect old water accounts. The final results may be seen on Exhibit F-2.

Old taxes are being carried on the Collector's books. In your auditor's opinion, nothing over three years should be carried on the books. Abatements should be given to the Collector for all old accounts.

During the year, large equipment was hired for the highway department. If the town wishes to purchase this equipment, credit will be given for the amounts paid to hire this equipment.

All records were in excellent condition. A few minor changes in classifications were noted and changed.

Many thanks to the officials of the Town for the cooperation and help given to us during the course of the audit.

Respectfully submitted,
Herbert E. Hunt
Auditor

CERTIFICATE OF AUDIT

This is to certify that the accounts and records of all Raymond officials have been audited for the fiscal year ended December 31, 1971.

All monies received and expended were examined by cancelled checks and reconciling depository banks.

All records were in excellent condition and found correct.

Respectfully submitted,
Herbert E. Hunt
Auditor

REPORT OF TRUSTEES OF TRUST FUNDS

Except for the handling of a few special Funds, the duties of the Trustees are mainly the investment of Cemetery Trust Funds and the use of the interest in the Cemeteries. In addition the Selectmen delegate to us the handling of the Town appropriation for Cemetery care. In 1971 this was increased to cover work in Lane and Chester Line Cemeteries.

In addition to the usual cleanup and mowing, we experimented with the use of weedkiller in Pine Grove Cemeteries. This was probably not too successful, although perhaps we can judge better next spring.

Lane Cemetery was kept mowed throughout the season and is probably in as good condition as can be expected without extensive regrading and reseeding. Less work was done in Chester Line but at the end of the season its condition was greatly improved. Both testify to the benefit of continuous care.

New Trust Funds established for Cemetery care and increases in existing Funds total $1230.00. We urge our Townspeople to consider this method of insuring the future care of their last resting places.

The Highway Fund was increased by Town deposits of $2,619.34 and diminished by a withdrawal of $1,490.00 for a snow plow wing.

Respectfully submitted,
Trustees of Trust Fund

Norris Gove

ASSISTANT SUPERINTENDENT'S REPORT

It is with pleasure, but also some hesitation, that I submit this brief report. Half a year "on-the-job training" is hardly enough to evaluate Union #53, its present status, its future, and its ever increasing school population.

Two areas of great concern are growth and financial assistance. Each district within the next decade will show rapid growth - in some instances, a doubling of present enrollment. We are at present studying every facet of space needs, double sessions and extended or year round schools. We must take a good hard look at all alternatives.

Although the number of teacher applicants have increased steadily in the last year, we must be selective in choosing the candidates that offer the best for our children.

Our education is fundamentally sound. The instructional program is ever improving, as the science and art of education develops. Instructional areas have been updated and show signs of continuity with our high school programs.

In closing, I would say that good education costs more money than poor, and that quality education costs the most. It is our intention to give you the best quality education possible for the amount of money spent. We can, however, always show improvement day by day. This is the basic philosophy we like to think is part of our education belief.

Respectfully submitted,
David R. Cawley
Assistant Superintendent

SCHOOL BOARD REPORT

As noted in last year's report, we are now involved in double sessions in our school. Despite numerous problems at the beginning of the school year, all seems to have fallen into a proper routine.

Whether double sessions will have either a positive or a negative effect on our educational program, is difficult to assess at this time. Educationally, however, double sessions is NOT the final asnwer. It is merely a stop-gap measure to our problem of over-crowded classrooms. Other areas are being investigated, such as year-round school, extended school year, extended school day, and of course, the possibility of future building programs. Let us all be aware that whatever decision is made must not ony solve our immediate crisis, but must also encompass long-range plans. It is because of the complexity of the problem and the need to look into all considerations that a building program will not be presented to the voters at this March district meeting. Thus, the board has again petitioned the State Board of Education to operate on double sessions or 1972-73.

Finally, we must point out that while all other areas of our economy are on the increase, the financial support from our state government, rather than being increased, has actually been decreased this year due to the General Court's failure to provide adequate funding for existing programs (foundation aid, building aid, aid to education of special children, etc.). Thus, the burden of education, while a state responsibility, remains the burden of the LOCAL taxpayer. The school board is very cognizant that Raymond by standards of valuation and number of pupils is a relatively poor community in New Hampshire. The Raymond taxpayer is to be commended for his local effort to support education which is far greater than required of taxpayers in wealthier communities.

(1) Revised

Note, Bond and Coupon Register:

You are once again reminded that the Treasurer should adopt the use of a standard form Note, Bond and Coupon Register, as prescribed by the Tax Commission. The provisions of R.S.A. 33:12 require that this register be maintained.

Fiscal Accounting Records Prescribed for E.S.E.A. Title I Funds:

Regulations governing fiscal accounting records for "E.S.E.A. Title I" funds granted the District require that separate accounts with accurate line item records of receipts and expenditures be kept for each approved project. The use of separate purchase orders for the procurement of supplies and services, special vendors invoices, as well as segregated vendor and payroll manifests, are likewise required.

Accordingly, appropriate control and detail ledger accounts should be maintained for each individual program. These records should reflect the financial activities for the entire fiscal life of the program and should be closed at the termination of project activities or after all obligations incurred have been discharged.

Disposition of unencumbered or unexpended funds should be clearly indicated on the records.

Conclusion:

The provisions of Chapter 71, Section 27-a, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District. Publication of the Exhibits included in the audit report is optional at the discretion of the School Board.

We extend our thanks to the officials of the Raymond School District for their assistance during the course of the audit.

Yours very truly,
Frederick E. Laplante
